Return Visit Is Paid by
Robbers Who, March 19,
Raided Jewelry Store
GRAB \$15,000 IN LOOT
Three of Gang Recognized
as Previous Callers

Lima, O., April 27.—(AP)—A gang of robbers who raided the Kays jewelry store here March 19, paid a return visit at noon today and escaped with jewelry and cash valued by the store manager at \$15,000 after an exchange of shots with patrolman Ed Swaney.

There were no injuries from the risk gun battle which preceded the women's escape, but Swaney and another patrolman, Jess Ford, were seriously hurt when their police cruiser collided with another auto as they chased the robbers' sedan.

Jack Love, a watchman in the jewelry shop, said three of the robbers were the same ones who held up the store in March. On that visit they obtained jewelry valued at \$6,000, and two days later, in an attempted robbery at Piqua, shot and killed a jewelry clerk.

Patrolman Swaney was eating his lunch in a restaurant two doors from the Kay store when the gunmen drove up. One remained at the wheel of the car, another stood guard on the curb in front of the store, and two went inside.

They ordered Love and Miss Nanda Vorhees, the cashier, to lie down on the floor, and herded several customers into a corner, while they looted trays of diamonds and jewelry.

Swaney, attracted by the disturbance fired several shots through a window at the two members of the gang outside, but failed to hit them. They returned his fire, forcing him to remain inside the restaurant.

Patrolman Ford, attempting to come to Swaney's aid, was halted in the middle of the street and forced to stand with his arms raised until the men drove away.

The police car collided with another car driven by William E. Snow, as it raced in pursuit of the robbers. Snow and both officers were removed to a hospital, where doctors said they were seriously hurt.

Because he allegedly tried to take a picture of a prospector and his donkey on a highway near Morgan Hill, Cal., Dr. Jasper Gattuccio, inset, San Jose dentist, is dead and Ernest Voss, the prospector, shown in jail, has been held for the slaying. Voss, 70, and described as an eccentric, refused to discuss the case. Police allege he shot Dr. Gattuccio when the latter attempted to photograph him. The dentist died in a hospital.

KARPIS GANG MARKED IN HOLDUP

Affidavits sworn Out by U. S. District Attorney
Charge Them with Ohio Mail Train Robbery

Cleveland, O., April 27.—(AP)—Assistant U. S. District Attorney Frank Weideman swore out affidavits today charging Alvin Karpis, national Public Enemy No. 1, his pal, Harry Campbell, and three others with the \$46,000 Garrettsville, O., train robbery.

The affidavits will form the basis of warrants containing the specific charge of robbing the mails, he said.

"Karpis directed and led the robbery," said the attorney, "Campbell and the others took part."

John Brock, alias T. F. Evans, alias Harold Johnson; Fred Hunter, alias Fred King, alias Harold King, alias Fred Harris, and John Doe, alias "Sam," were the others named in the affidavits.

"The evidence obtained in federal investigation indicated these men all participated," he said. "Witnesses to the robbery identified pictures of the men for whom warrants are being prepared."

RIVER EATING TOWN

SECTION OF VILLAGE FALLS AS
RIVER CHANGES COURSE.

Smithland, Ky., April 27.—(AP)—Residents of this little community perched on the banks of the Ohio river, watched anxiously today as approximately 225 feet of land along the river front was sinking into the river.

A two-story brick building erected in 1840 was crumbling as the foundation washed away. An adjoining building was feared to be collapsing and occupants moved furniture and equipment.

Residents said they first observed a deep crevasse last Thursday. It gradually dropped into the river.

C. J. Rhodes, senior engineer in charge of the United States engineering office at Paducah, ordered workers here in an effort to erect barriers to check the crumbling. He said the winter floods had undermined the bank.

Relatives Claim Body Of Man Executed at Pen

CONVICTED TRAIN WRECKER
PAYS SUPREME PENALTY

Ironton, O.—(AP)—Relatives Monday claimed the body of James Thompson, 28, who died Saturday night in the electric chair at the Ohio penitentiary, and arranged for burial in the Buckeye cemetery, near Hanging Rock, following funeral services here.

Thompson, convicted of causing the wreck of a Norfolk & Western passenger train near Ironton, in which two men were killed four years ago, was the 19th man to die in the squatty death house of the penitentiary.

Knoxville, Tenn., April 27.—(AP)—Sixteen-year-old Pauline Lane spent another restless day on a hospital bed today while she awaited the arrival here of a delicate instrument needed to remove a cigarette lighter top from the bottom of her left lung.

Meanwhile, Pauline, unable to breathe properly, coughed frequently and was restless.

She swallowed the beveled-edged inch-long cap Friday when she laughed while holding it between her teeth.

NULL RESIGNS WHEN OUSTER IS IMMINENT

Acceptance Would Be in
Nature of Moral Victory
for Home Commandant
DECISION BY MIDWEEK
Once He Is Out Charges
Would Be Dropped

Columbus, O., April 27.—(AP)—Perry L. Null, commandant of the Ohio Soldiers' and Sailors' Home, whose removal has been ordered by Mrs. Margaret Allman, state welfare director, submitted his resignation today, effective June 1.

Mrs. Allman took Null's letter of resignation under advisement and said she would accept or reject it by Wednesday.

Acceptance of the resignation would constitute something of a moral victory for Null, because Mrs. Allman would have to reinstate him to accept the resignation.

Null was suspended for 30 days on March 30.

If Null were permitted to retain his position until June 1, Lieut. Col. John C. Volka, acting commandant, would remain in charge of the institution at Sandusky, Mrs. Allman said.

The resignation date, she said, was fixed at a conference between Null and representatives of the welfare department.

Mrs. Allman ordered Null's removal Saturday, charging him with inefficiency, neglect of duty, malfeasance, misfeasance, and nonfeasance.

The welfare director said she offered Null and his wife, then nation of the home, an opportunity to resign on March 1, but they declined to accept her offer.

Acceptance of the resignation, Mrs. Allman said, would mean dropping of the charges against Null.

Null's letter came as the welfare department was preparing for a fight before the state civil service commission in event Null should appeal from the removal order.

About a year ago Mrs. Allman sought to oust Preston E. Thomas, warden of Ohio penitentiary. Thomas appealed to the commission. During a hearing, however, he agreed to resign, and was temporarily reinstated so that his resignation could be accepted.

PRIEST OFF THE AIR TILL NEXT OCTOBER

Detroit, April 27.—(AP)—Father Charles E. Coughlin's series of radio broadcasts was at an end today, with an appeal for support of the platform of his national union for social justice.

Father Coughlin said he would return to the air next October.

"We hold no brief for the communist and the socialist," he said in his final broadcast Sunday. "On the other hand, we hold no brief for the Manchester school of modern capitalism as exemplified in the United States under the Hoover regime, or in the philosophy proposed by the American Liberty Leaguers."

"By the same token, we cannot defend any hybrid system of politics which endeavors to combine both extreme socialism and modern capitalism under the banner of the New Deal. That is why we are writing our own platform."

Student's Suicide With Knife Given Touch of Mystery

Uncle, Who Doesn't See
How He Could Do It,
Asks For Investigation.

Chicago, April 27.—(AP)—A thorough investigation of the death of Jack Schiffer, 21, whose brilliant career at the University of Chicago was ended by a single thrust of an antique surgeon's knife, was demanded today by his uncle.

Sergeant James Sullivan listed the case as a suicide last night but the uncle, Benjamin Elboom, asserted he was dissatisfied with that theory.

"I don't see how anybody could stick a knife into himself like that," Elboom said. "He was a model boy and had no troubles. I am going to demand a thorough investigation."

Sullivan said the evidence indicated Schiffer apparently had spent several hours smoking and gazing at a skull on his desk in his apartment in exclusive Hitchcock hall and then had stripped to his pajama trousers, reclined on a bed and plunged the 12-inch blade into his chest just above the heart.

The scholar fell to the floor, he added, and the knife became dislodged. It was found beside the body, which lodged against the door in a sitting position.

STERILIZATION PLOT HEARING POSTPONED

MOTHER OF GIRL VICTIM IS
STILL IN HOSPITAL.

Jersey City, N. J., April 27.—(AP)—Arraignment of Mrs. Maryon Cooper Hewitt on fugitive and attempted suicide charges was set for today but a 10-day postponement was granted at the request of her counsel and physicians. Her physician, Dr. William M. Moody, said yesterday that her condition in Medical Center had not improved sufficiently to warrant her appearance in first criminal court yet.

Mrs. Hewitt is wanted in San Francisco on Mayhem charges resulting from the accusation of her daughter, Ann, that she plotted with surgeons to have her sterilized.

SECLUSION SOUGHT BY "WOMAN IN RED" AT ELLIS ISLAND

New York, April 27.—(AP)—Dressed in black, Mrs. Anna Sage, the "woman in red" in the killing of John Dillinger, arrived at Ellis Island today for deportation to Rumania, and immediately sought the seclusion of a room on the island.

Mrs. Sage, who was brought here with eighty other deportees from Chicago, refused to see visitors, sending them a note saying:

"I am not a monkey in a cage." Although no definite date has been set for her deportation, it is believed she would be placed on the liner Vulcan, of the Italian line, sailing next Saturday. The government will pay her ocean passage and railroad fare to the village of Comlosui, Rumania, which she left in 1924.

GIRL SEIZED BY MEN IN CAR BUT THROWN OUT UNHARMED

Cincinnati, April 27.—(AP)—Nancy Simpson, 14, walked into Central Police Station today and related to Lieut. Edmund Creelman a story of being abducted by two men Sunday night and held a prisoner for six hours before being thrown from an auto near Hamilton, O.

Footloose and sleepy, she said she walked the 30 miles back to Cincinnati.

"I walked all the way," she said. "I was afraid to 'hitch' a ride. I got off the road when I saw autos coming. It was a long walk."

Paris, April 27.—Sharp Communist gains in Paris and the industrial suburbs and a pronounced Leftist trend elsewhere in the country arose today in returns from France's first vote for a new Chamber of Deputies.

In these close contests, the Leftists, by consolidating their forces, were expected to emerge victorious with a small majority for the "People's Front" of Communists, Socialists and Radical-Socialists indicated for the new chamber.

The Radical-Socialist party, strongest unit of the People's Front also was the dominant party in the old chamber.

The Communists, however, with nine deputies already elected, compared to their presentation of ten in the old chamber, were expected to win as many as 40 places as a result of their strong showing in other districts.

All leaders of the People's Front were elected in yesterday's first ballot.

Madrid, April 27.—(AP)—Premier Manuel Azana emerged as the most likely candidate for Spain's presidency today after the Leftist "Popular Front" maintained its union generally in the voting for presidential electors.

The Socialists, Communists and Left-Republicans, who won government control in the February parliamentary elections, maintained their common electoral front in all

Halifax, N. S., April 27.—(AP)—A second plane-load of medical equipment was being brought from Toronto today for the treatment of Charles Alfred Scadding, one of the two survivors of a ten-day entombment in the Moose River gold mine.

Dr. Harold D. Storms, physiotherapist of the Ontario Workmen's Compensation board, was bringing the special electrical equipment to treat Scadding's foot condition.

The apparatus, collected to assist in establishing "collateral circulation," was sent by the Ontario government after a "glass boot" was sent previously to aid circulation.

The physician's attending Scadding, who contracted "trench foot" during his long confinement and exposure, announced:

"The condition of his feet and legs is so greatly improved that we can hope that surgical interference will be unnecessary."

Dr. D. E. Robertson, distinguished Toronto physician, who was rescued with Scadding last week from the Moose River gold mine, was recovering in the same hospital.

Children Die in Flames
While Mother Is Away

Columbus, O., April 27.—(AP)—Two small children lost their lives today when fire destroyed their home. Firemen were unable to determine the cause of the blaze which started while hte mother, Mrs. Mildred Brumfield, visited at a neighbor's house.

The charred bodies of the victims, Stanley Brumfield, 3, and his sister, Gladys, 2, were found in a bedroom. Mrs. Brumfield had taken another daughter, Eloma, 4 months old, with her when she left the house.

Stanley Brumfield, Sr., father of the children, is a WPA worker.

POPULACE IS WARNED

Many Reported Killed in
Recent Battles

With the Italian army at Dessye, Ethiopia, April 26.—(By field wireless to Asmara, Eritrea, April 27.)

—A motorized column of 15,000 Italian troops, spearhead of the giant Fascist thrusts into Ethiopia, rolled south from Dessye today, driving down the imperial highway to Addis Ababa.

The great motor cavalcade roared out of the former field headquarters of Emperor Haile Selassie at dawn Sunday, moving toward the capital of the king of kings and a climax to the final act of this East African war drama.

More than 1,000 huge trucks formed the thundering line.

Hours after their departure, they were approaching the positions of the native Eritrean Askara who had already advanced far down the road to Addis Ababa by foot. The weather favored the offensive with sunshine pouring down on the landscape.

The entire population of this town, only recently host to Emperor Haile Selassie, Crown Prince Asfa Woßsan and the Ethiopian imperial army, turned out to cheer the Italian forces at the start of their "big push" on the south.

Crowds of natives, who have made their acts of submission at the new headquarters of Marshal Pietro Badoglio, watched the Italian departure, many of them expressing satisfaction at the general feeling that the war's end was approaching.

Marshal Badoglio himself, commander-in-chief of all the Fascist forces in East Africa, directed this climactic act in the Italian efforts to subdue the last unconquered African kingdom.

Marshal Badoglio reported his southern army under Gen. Rodolfo Graziani was menacing Sasa Baneh, a strategic outpost of Harar, second city of Ethiopia, lying near the only railway line in Ethiopia.

Three columns of Fascist troops were menacing the southern city from three sides, after a battle last Friday in which Italian sources reported 1,000 Ethiopians killed.

An Italian airplane circling over Addis Ababa dropped a warning leaflet to the population saying the city would be destroyed if any resistance would be offered to the Fascist occupation.

The leaflet called on the people to desert Emperor Haile Selassie and pledge allegiance to Italy who was occupying Ethiopia "for civilization."

FRESHMEN LEAD HONOR ROLL

GIRL ATHLETES

Finish Volleyball Schedule—Baseball Next On Program

Class team volleyball was "head-in" for its last round-up Wednesday night in the biggest upset of the season. The seniors, who won the intra-mural championship and who downed each previous competitor by a wide margin, were strangled and downed by the diminutive freshmen, who left them behind by six points, the score being 22-16. This game was close until the last half when the freshmen stole upon them little by little finally reaching the coveted goal—victory.

The second game of the evening did not prove as unusual as the first one, but it was interesting to the spectators. In this game was found the juniors trampling the sophomores steadily all through the game. When the tilt was over, the sophs found themselves on the short end of the 24-10 count.

In Thursday night's games the sophs regained their old form and it was a toss-up as to who would win. It finally ended in a tie. An overtime period was played, the sophs working harder and harder and won by a necessary two point lead, the score being 24-22.

In the second game on Wednesday the juniors topped the freshmen by the score 32-8.

Only one game remains to be played. This is to take place on Monday with all four classes being out.

Baseball, the last intra-mural sport of the year is to start Wednesday, the teams being handed in last Friday. Any girl can organize a team and many are expected with a hotly contested season expected.

Hiking Enters Schedule Of G. A. A. Organization

Hiking, entering in the G. A. A. schedule, has been rapidly accepted by the girls of that organization.

Many girls have responded and are among the nature lovers of Washington High. The first tramp attracted twenty-five girls who visited the Children's Home. The second hike which was held last Monday found twenty-two girls tramping gleefully down the Circleville pike. Each girl must walk at least five miles during each hike and for this receives five points toward her G. A. A. letter.

CHICKENS STOLEN SATURDAY NIGHT

Thirty chickens, consisting of 28 hens and 2 roosters, were stolen from Mrs. Tom Worthington, on the Miami Trace road, in Concord township sometime Saturday night, and Sheriff Icenhower is working on the case.

The chickens are the first reported stolen in the county for a number of weeks.

The hens were mixed white and Red, or yellow, and the roosters were white.

SHACK DESTROYED ON DUMP GROUNDS

A small shack located on the city dumping grounds off Elm street, along Paint creek, was destroyed by fire late Saturday evening.

The structure, built of sheet iron and discarded lumber, was burning inside when the pumper arrived, and the booster was used in extinguishing the main fire and when the supply of water was exhausted, some of the contents were removed and the remainder of the shack allowed to smoulder.

GET "BUM'S RUSH" OUT OF THE CITY

Four intoxicated bums, taken into custody by the police over the week-end, and landed in jail until they sobered up, were given the "bum's rush" out of the city, Monday forenoon, upon orders of Police Court Justice C. W. Lewis.

The bums, penniless but able to obtain intoxicants in some way, were given a police escort the shortest way out of the city, and told never to return.

Maybe the real reason the threatened European war did not take place was because the various nations hadn't reached the red hot hating point.

7 Meet Death in Traffic Accidents—Steel Industry Booming—Ohio River Within Bounds.

By The Associated Press

Seven persons were killed in traffic accidents on Ohio highways yesterday and another died of injuries.

William Hansen, 33, of Kent was killed when the motorcycle he was driving struck and fatally injured Challen S. Cummings, 76, Atwater farmer, near Ravenna. The motorcycle plunged into a ditch. Cummings died in a hospital three hours after the accident.

Charles A. Johnsons, 76, who lived on a farm about eight miles east of Warren, was killed by an auto while walking along a road near his home.

Near Millbury, O., east of Toledo, Gerald Cavender, 15, was injured fatally in a truck-bicycle accident. Sam Swartz, 43, Fremont business man, was struck and killed by an auto at Fremont.

A hit-skip driver was being sought by Akron police after Robert Daniel Stone, 79, was found dead near the city limits.

Charles Sonderegger, 54, died Sunday from injuries received when he was struck by an auto in Brookfield, near Massillon, Saturday night.

Edward Piller, 38, a Salem policeman, was killed and Mayor George Harroff, riding with Piller, was injured when the officer's motorcycle left Route 14 and crashed in a ditch as the policemen tested the rebuilt vehicle.

MAN AND 3 CHILDREN ARE KILLED BY TRAIN

The roar of one train, drowning out the noise of an approaching flyer, was blamed by a railroad man today for a viaduct accident in which three children and their grandfather were killed, near Sidney.

The dead were Peter Attenweiler, 70; Jack Palmisano, 13; Joan Palmisano, 9, and William Palmisano, 7.

They were struck by a Big Four passenger train, enroute from St. Louis to New York, after they had stopped on the railway viaduct, apparently to watch another train pass on the Baltimore & Ohio tracks beneath.

Flagman Sam Jones said the noise of the B. & O. train made the four unaware of the approaching Big Four engine. The bodies were taken to a morgue where Mrs. Marie Palmisano, mother of the children, identified them.

A year ago last January the same train figured in a grade crossing crash in which four motorists lost their lives ten miles east of here.

HIGHLIGHT HAPPENINGS DURING WEEKEND

The music of booming activity in the Eastern Ohio steel mills and some new notes on music by an authority set the week-end tempo.

Every steel mill in the Steubenville district looked for capacity operations this week and employment for 25,000 men as a direct result of the great March floods of the Ohio valley.

Federated Clubs Must Seek New Quarters

The work of remodeling the Y. M. C. A. building in this city is continuing, with a number of plasterers, plumbers and others at work, and with indications that several weeks may be required before the redecorating work is finished.

Full plans for operating the building have not been announced, but the Federated Clubs of the city have been notified that no further meetings can be held in the room in the Stinson annex, which the clubs have occupied for years.

Federation furniture and equipment must be moved out this week, under the notice issued.

The amount of new plastering and plumbing required in the building was even greater than at first thought, and the expense to recondition the building has been much greater than was expected.

WATER PRESSURE IS NOW RECORDED

NO LONGER ANY QUESTION AS TO PRESSURE

A Foxboro recording water pressure gauge has been installed at the fire department so the city will, at all times, have an accurate record of the exact water pressure in the heart of the city.

The gauge has a chart and the pressure is recorded in ink, the chart being moved by clockwork.

The gauge shows that for the 24 hour period ending Monday, the pressure ran all the way from 52 degrees down to 41 degrees, the 41 being recorded about five o'clock Monday morning.

City Manager Sollars is checking to establish whether or not the present facilities of the water company are adequate to meet all demands of the city.

FUNERAL SERVICES FOR LITTLE GIRL

Funeral services for Dorothy May Johnson, nine-year-old daughter of Mr. and Mrs. John G. Johnson, of 1481 Sullivan Avenue, who died at the Children's Hospital in Columbus Friday, were held at the Klever Funeral Home Monday afternoon at one o'clock, and interment was made in the Washington cemetery. The pallbearers were Joseph, Frank and Charles Karney and Roman Dobbs.

The services were attended by many relatives and friends and there were many lovely floral gifts. Rev. J. A. Goddard conducted the services and read the hymns: "Precious Jewels" and "Sweet Flower of the Morning."

In addition to her parents she is survived by three brothers and two sisters, Vivian, 11, Richard, 9, George, 6, Robert Dale, 2, and Jack, 8 months, the grandparents, Mr. and Mrs. Artie Karney, of Columbus.

CURFEW VIOLATORS TO BE PICKED UP

Definite warning was issued Monday that violators of the Curfew ordinance, meaning boys and girls under 16 years of age, who are not off the streets when the bell sounds, at nine o'clock each night would be picked up by the police, and the officers have been instructed accordingly.

A few nights ago two boys who disregarded the curfew and were skating in the uptown area, were taken into custody.

MOVING BUILDINGS FOR PAVING JOB

The work of moving buildings back so that the paving work on Columbus Avenue may get under way, has started, and within the next week or two all buildings, including the Triangle Barbecue, will rest on new foundations back of the present location.

Two or three houses are being moved, and fences torn out so that the paving work may not be interfered with when once launched.

Incidentally the paving is scheduled to be started without delay.

There are 140,000 acres planted to English walnuts in California.

4-H CLUB BANQUET TO BE HELD MAY 16

TRIBE OF 1000 WILL SPONSOR ANNUAL AFFAIR

The annual 4-H Club Party held each spring is scheduled for Saturday evening, May 16, on the 2nd and 3rd floors of the I. O. O. F. Building. The banquet and party this year will again be sponsored by the Tribe of 1000, honorary 4-H Club organization of the county.

All club advisors, 1935 club members completing and new members enrolled will be eligible to attend this annual affair.

Plans are definitely under way for the Tribe of 1000 organization to make this an unusual and attractive affair.

MORE PLANTERS START THIS WEEK

With two or three farmers starting their corn planting last Saturday, this week will bring many others into the fields for planting, and next week is expected to see planting become almost general, if the weather permits.

W. A. Wood, of the Circleville road, one of the first to plant corn nearly every year, expects to start this week as soon as the condition of the soil permits.

Burke Kearney and Jesse Hoppes are among farmers who started their planters last Saturday.

Meanwhile the rush of the plowing is continuing, although a few farmers have completed this work, and many others will be through plowing by May first.

The rank and file, however, will be plowing until early in May.

PLEASANT RELIEF FROM CONSTIPATION

LIBERAL RESPONSE TO RED CROSS CALL

THANKS EXTENDED TO THE PUBLIC IN GENERAL

The Fayette County Chapter of the American Red Cross is in receipt of a letter commanding Fayette County citizens for their liberal response when the call came for funds for flood and tornado relief, and the county more than doubled its original quota by sending \$1250 to the National Headquarters.

It is noted that the original call was for \$3,000,000 and that \$7,000,000 was subscribed in the United States, so that funds sufficient for flood and tornado sufferers were available without additional calls.

C. E. Snider Succumbs At Home In Cleveland

FORMER FAYETTE COUNTYMAN LEAVES RELATIVES HERE

C. E. Snider, 79, succumbed Sunday night at his home in Cleveland, the victim of a heart attack. Mr. Snider, a former Fayette County resident, was born and raised in Buena Vista, taking up his home and work in Cleveland forty years ago. He had suffered with heart ailments for some time.

Besides his wife, who is a sister of Mrs. Frank Littler and Mrs. Eph Worthington, of this city, he leaves three sons, Herbert, Grover and Edwin, and a brother, Matthew Snider, of Sabina.

Funeral services will be conducted in Cleveland Wednesday afternoon at 2:30. Burial will be at Cleveland.

John Coleman Succumbs At The County Infirmary

John Coleman, colored died at the County Home here Sunday. Noah Carr, the superintendent, said he believed Coleman was about 82 years old and that he knew of no relatives here. He came to Fayette county nearly a half a century ago, it was said.

The body was taken to the Cox and Fitzgerald Funeral Home where services will be held at 2:00 o'clock Tuesday afternoon. Burial is to be in the Washington cemetery.

300 ON PAYROLL AT PRESENT TIME

Three hundred men and women in Fayette county are on the Works Progress Administration payroll at the present time, and of the total, forty are women, employed chiefly at the sewing center, although a number have clerical jobs.

There are eighteen active projects in Fayette county at the present time, according to Engineer Robert S. Crane.

PROPERTY SELLS AT SHERIFF'S SALE

Two pieces of property were sold at Sheriff's sale, from the courthouse, Monday afternoon, both being in the action of the First Building and Loan Co. against H. J. McKittrick, and the first property, in the Willard addition, was bid in at \$266.67 and the second in the Henkle addition, at \$400, by the plaintiff in the action.

LOWEST BIDDER ON SEWER JOB

Wilmington, April 27—The Meier Bolan Company of Cincinnati, with a bid of \$112,605.25 was the lowest of 15 bidders on the construction of the second section of Wilmington's \$350,000 sewer system.

Approval by the city board of control and state and federal WPA officials is necessary before the contract can be let.

TWINS SUCCUMB BURIED MONDAY

Twin infants, a son and daughter of Mr. and Mrs. Delbert Harper, passed away Sunday afternoon and interment was made in the Sugar Creek cemetery Monday afternoon, under direction of the Hook Funeral Home. Short committal services were held at the grave.

BUREAU MEETING

The regular monthly meeting of Perry Township Farm Bureau members and their families will be held this Friday evening, May 1 at 8 P. M., at New Martinsburg. The 4-H Club work will be discussed by Miss Dorothy Dexter. A review of the Soil Conservation Program will be given by Harry Silcott, a cooperative bulletin review by Mrs. James Beatty and Rural Electrification progress will be discussed by W. A. Banner, chairman of the Perry Township Farm Bureau.

POSITION ACCEPTED WITH INSURANCE CO. BY A. D. ST. CLAIR

Former School Superintendent to Begin Work at Once

The Herald is informed that Mr. A. D. St. Clair formerly superintendent of the city schools has accepted a position with the Midland Mutual Life Insurance Company of Columbus. The offer came to Mr. St. Clair unsolicited by him because company officials had gained a very favorable impression of Mr. St. Clair's ability by being placed in contact with his work here on behalf of the Y. M. C. A. in which the company was interested as a heavy creditor.

Investigation by the officials as to Mr. St. Clair's business ability in the management of the schools during the financial depression and his success in community projects strengthened their first favorable opinion.

His energy and industry and ability in business, financial and promotional affairs brought him to favorable notice of the company officials and the offer to "come with them" resulted—an offer which Mr. St. Clair considered so flattering that he accepted. It develops, too, that Mr. St. Clair has had special university training in insurance and has had some considerable experience in the work.

Mr. and Mrs. St. Clair and son Frank were entertained at luncheon last week at the Athletic Club by President George Steinman and other officials of the Midland Mutual Insurance Company.

The family will remove to Columbus, it is announced in the near future, where Mr. St. Clair's headquarters will be for the present.

38 PARK TOO LONG SPEEDERS NABBED

Thirty-eight persons were cited Saturday for violating the two-hour parking, and a number of local residents who had disregarded the parking limitation paid the usual \$1 for overparking.

A number of speeders were picked up over the week-end and posted cash bonds for their appearances later.

MRS. J. A. McGRUDER TO BE BURIED HERE

Funeral services for Mrs. Emma McGruder, 61, wife of J. A. McGruder, formerly of this county, who died at her home in Portsmouth, Saturday at 6:45 p. m., will be held from Daehler's Funeral Home in Portsmouth at 10:00 a. m. Tuesday, and the body will be brought to this city for interment, arriving here at 1:30 or 2:00 o'clock.

Mrs. McGruder had been ill the past three weeks. She was born in this city and was the daughter of Mr. and Mrs. Jerry Smith.

Surviving are her husband, a daughter, Mrs. Ruth Clark, of Portsmouth and three grandchildren.

The dog is man's best friend—probably because he never tries to make a touch or flirt with the girl friend.

His Name Will Live

Millions of men have profited by the production and refining and distribution of oil and its by-products, since "Coal Oil Johnny" made his famous strike in Pennsylvania early in the nineteenth century.

Hundreds have made vast fortunes from the oil industry. One of those hundreds died, a few days ago, leaving a fortune of two million five hundred thousand dollars for charity.

Addison H. Gibson was the name of that man. He was a bachelor and seventy-five years of age at the time of his death. Gibson was poor, was born and reared on a farm but he won great success.

The pessimist asserts that never again will such opportunity open its door to the youth of the present and succeeding generations; that conditions have changed and vast fortunes have made it impossible for the poor to "win through" to success as the boys of the nineteenth hundreds did.

The optimist asserts that nature still has treasures to be found by the alert and the brainy boys of today and tomorrow and that, though conditions have changed, opportunity still knocks at the door of the young and alert and industrious and will continue to do so, so long as humanity and nature go along hand in hand.

Gibson's name was not often mentioned, during his lifetime, as one of the great and rich in the oil industry but, now, after his death, because he remembered his boyhood handicaps and provided in his will for aiding those who needed aid, humanity will remember Addison H. Gibson longer, and more affectionately, perhaps, than those who won greater wealth but forgot, in their success, the days of their youth.

The Trial Check Up

During the exceedingly severe cold weather of the past winter, while we sought, vainly in many instances, to get coal for the furnaces and stoves—and pay for it—while work outdoors was impossible for long weeks and inside conducted under great difficulties and discomforts, while we were annoyed and our homes damaged by bursting pipes, while frozen pumps and water troughs perplexed stockmen, we regarded last winter as one bringing to us a record-breaking total of damages.

And it did. It wrought more damage than we, in the midst of the havoc it wrought while we were caught in its grip, realized.

Now, with the opening up of spring, as we take stock of our out of doors possessions, we find the toll taken by the winter king was as great there as it was indoors.

The damage done fruit trees, berry bushes and flowers is appallingly heavy. Our final checkup increases instead of decreases the damage.

Our Heated Campagins

"From now on" until the voting in the election next November is conducted we are certain to have a great deal of politics. Campaign speakers in both of the political party camps will be "viewing with alarm" and claiming credit for all the blessings we have had, including those sent by nature.

If the American people accepted seriously, which, fortunately, they do not, the ravings of the overheated politicians they would conclude we were rushing headlong to destruction and that either way the election resulted we were to be the victims of incompetents and worse.

Sometimes—frequently in fact—we think the zeal of political leaders carries them to extremes in their campaign statements. Sometime they may be taken at par by too many people.

The fact about it is that as soon as the last vote is in the ballot box the "loud speakers" stop and foes become friends. And that's as it should be. It's all a game. But we do think the political leaders should be more moderate in their criticisms and arguments.

Charles P. Stewart Says:

STEIWER IS A GUESS FOR VICE PRESIDENT

By CHARLES P. STEWART

Washington, April 27.—The G. O. P. management's selection of Senator Frederick Steiwer of Oregon to "keynote" at the Cleveland convention has led to considerable talk of him as a vice presidential possibility.

Vice presidential guessing, however, necessarily is very wild until the presidential choice has been made.

The politicians' idea is to "balance the ticket."

Consequently the second place nomination is dependent on the nomination for first place.

GEOGRAPHY WRONG

If Governor Alf M. Landon is named in Cleveland, Steiwer may be considered to have a certain amount of suitability. His geography is wrong. Geographically speaking, an easterner should be picked to match the Kansan. But Landon himself seems to be quite popular among conservative eastern voters. In fact, he is popular enough in that quarter to have caused western progressives to voice suspicions that he is a disguised reactionary. Now Steiwer is a mild liberal. As a running mate with Landon, he might give a measure of reassurance to the uneasy progressive element.

On the other hand, he wouldn't go at all well with Senator William E. Borah.

He doubtless would be satisfactory to Borah, indeed, but such a ticket would be as badly balanced as it is easy to imagine. Two western men! And two more or less progressives! The east disregarded! Conservatism ignored completely! Not that Steiwer is immoderately progressive, but that would be his atmosphere, in combination with the Idaho statesman.

BORAH'S STATUS

Even some conservative Republican politicians would be reconcilable with Borah if he were not so uncompromising.

They honestly think he would make a formidable campaign. He has the natural qualifications to make him a dangerous radio-compete of President Roosevelt. And he isn't actually, upon an examination of his record, so very radical. He has that reputation, but he never has voted very radically in the senate. The progressives never have considered him dependably one of themselves.

Moreover, he is old—past 70 already.

If elected, he reasonably could be counted on to die in the White House, making way for a real conservative to succeed him—provided, of course, that a conservative was in line for the office.

Conservative G. O. P. politicians are sure that Borah will not consent to run on the same ticket with a vice presidential candidate of

Poetry For Today

A FAREWELL

Flow down, cold rivulet, to the sea,
Thy tribute wave deliver:
No more by thee my steps shall be,
For ever and for ever.

Flow, softly flow, by lawn and lea,
A rivulet then a river:
No where by thee my steps shall be,
For ever and for ever.

But here will sigh thin alder tree,
And here thine aspen shiver;
And here by thee will hum the bee,
For ever and for ever.

A thousand suns will stream on thee,
A thousand moons will quiver:
But not by thee my steps shall be,
For ever and for ever.

—ALFRED, LORD TENNYSON.

High Spots In Ohio History

From the Galbraith collection of Ohio Histories. Written for the Associated Press.

Austintown, a small village, about five miles west of Jefferson, was much talked of because Edwin Cowles, a noted editor of the state fifty years ago, was placed in the Hall of Fame of Ohio State University's school of Journalism.

Cowles was born there in 1825. Two other special distinctions belong to this town of Austintown. The first church in the Western Reserve was located there October 24, 1801. And when the Rev. Joseph Badger moved his family from Buffalo to Austintown, they traveled in a wheeled vehicle and that was the first occasion in the population of Ohio that a wheeled vehicle was used.

Ohio Oddities

By R. C. HALL

A What might be called the "Great Pyramid of Ohio" stands near Mansfield and is of great interest to all lovers of ancient things. Of course it is conical rather than pyramidal in shape and is known as a mound, but its antiquity, size and the probable reason for its building, in many ways suggest the pyramids of ancient Egypt. The Mansfield Mound is the largest single prehistoric mound in Ohio and is 68 feet in height and has a base circumference of 850 feet. It contains over 1,000,000 cubic feet of earth which was probably collected and transported to the spot by basket. Mounds of this type are supposed to be burial mounds.

RADIO COMEDIAN HELD FOR "SUPPORT"

Akron, O., (AP)—Cliff (Sharlief) Hall, radio comedian, was returned to New York City Sunday to face charges that he failed to provide for his eight-year-old son. He was arrested Thursday. His wife, June Rogers, stage actress, filed the charges.

CONTAMINATING THE WHOLE BARREL

A NEW YORKER AT LARGE

By JACK STINNETT

New York—Harry Rosin dropped into Charles Raddy's studio the other night and we added to our list the most delightful vagabond the art world has known since Pop Hart and Gauguin signed their last canvases.

Althou, h he never had one, it was 3-cent rum punches that starting Harry on his wanderings and gave to Guadalupe one of its proudest possessions, a 20-foot concrete figure of Christ that looks

down from the facade of its largest cathedral.

Back from Paris where he had exhibited his sculpture in the early 'thirties, Rosin took one look around depression-ridden Manhattan and started thinking of far-away places.

"One of my friends returning from the West Indies, gave a glowing account of the island of Martinique, its beautiful natives and its extreme inexpensiveness, citing as an example of the latter a large

rum punch costing but 3 cents. So I took the next boat from New York."

On board, Rosin met Al Tur, French government architect and before he had reached the land of 3-cent rum punches, Harry had a commission to do the Christ on the facade of a great new church on the island of Guadalupe. For more than a month he worked on a scaffold with trowel and fresh concrete while native sat in the shade and criticized the work, claiming it couldn't be a "statue of the Lord" because it was 14 feet too tall.

Neither Guadalupe nor Martinique has any rum punches for 3 cents, says Rosin, and though both are picturesque, they are very dirty and far from inexpensive. Too, huge spiders creep along the walls of one's room at night. And the new architecture is all ultra-modern—a sardonic note. So he went vagabonding again, 4,500 miles of Panama to Papeete on Tahiti.

There, eight miles out of Papeete, Rosin built a thatched house, with the artist's inevitable "window in the roof" as the natives called it.

One of his neighbors was a son of Gauguin, another was Robert Louis Stevenson's stepson.

Another was a native who bought Gauguin's property and still moans daily over the tale of having loaded a skiff with several statues Gauguin carved for his garden, taking them out to the reef and tossing them into deep ocean.

"He wanted no ghosts haunting him then, but the thought of lost Francis haunts his whole life now," Rosin said.

Rosin, too, is a perfect example of the old adage about the "world will find a way". In that little thatched hut he did portrait heads of Aksel Wichtfeld, the Countess de Dampierre and Fredric March, all visitors to Tahiti.

There's no depression now to use as an excuse, but Harry is off again soon. He'll stop in Philadelphia to visit the wrought iron works where he once helped Yellen, and the Pennsylvania academy where he studied sculpture, then it's Hollywood for a little work and after that the Pacific again to where Papeete "shines in the sunlight against steep green hills and blue valleys and a wall of coconut trees marches down to the beach of Tahiti."

The Woman's Page

THE family and friends of Dr. Willis H. Willis are anticipating with much pleasure his arrival in New York City on Monday, May fourth, after six years' service as a medical missionary in Mt. Salinda, Southern Rhodesia, Africa. Dr. Willis arrives with his family, which includes Mrs. Willis and their four children, Peter, David, Ann and Gwendolyn Marie, for a year's furlough in the United States. David and Ann are twins. Mrs. Willis is an English woman, who was born and raised on her father's colonial plantation in South Africa.

The Willises sailed on March 12th from Durban, South Africa, traveling South from Mt. Salinda to board the steamer "The City of New York." The steamer journeyed north presumably with a cargo of arms and ammunitions and war supplies and then returned south around the Cape of Good Hope into the Atlantic Ocean. The voyage extended over a seven weeks' period.

Dr. Willis is the son of Mrs. Carrie B. Willis, where the family will visit for several weeks. Late in June or early in July, Dr. Willis expects to take up some medical study in Cleveland and will take his family to that city for several months' residence.

Mr. Richard R. Willis, a brother and Mrs. Graham Beckel, of Hunt-

ington, Pa., a sister, have made tentative plans to motor to New York to meet the boat.

Principal Dwight B. Ireland represented Washington High School as its official delegate to the forty-first annual meeting of the North Central Association of Colleges and Secondary Schools which was held at Stevens Hotel in Chicago from Thursday until Saturday of last week.

Although Washington High School has been a member of the North Central Association for several years it has been some time since a representative from the local high school attended the Chicago meetings. Since this association accredits only those schools which possess organization, teaching force, standards of scholarship, equipment and esprit de corps, of such character as will unhesitatingly commend them to any educator, college or university in the North Central territory, and since educational problems in the secondary field are becoming so difficult and challenging, it behooves a school principal to take advantage of every opportunity to acquaint himself with progress and insight. If we are to retain the standards of this North Central Association and keep our high school on the accredited list of colleges and secondary schools we must understand thoroughly the standards as they are modified and clarified in these meetings.

It is hoped that Washington may retain a school of the highest type not only to assure college entrance for those who seek further education in our institutions of higher learning, but that better citizens may leave the high school each commencement season.

Mr. Ireland also represented Sigma Chapter of Phi Delta Kappa, an honorary fraternity in education, at the annual banquet of this organization at Stevens hotel on Saturday.

Miss Anna Lee McFadden returned to Orrville, Sunday, after a three weeks' visit at the home of Mr. and Mrs. Oscar Orr. Mr. Robert McFadden motored down to spend the week end and took Miss McFadden back.

The calendar for commencement activities at Washington High School has been completed and holds promise for a gay season for the seniors and upper classmen: May 21-22—Senior class play.

May 23—Senior class breakfast on school lawn, followed by senior chapel.

May 23—Junior-Senior banquet at the Washington Country Club.

May 31—Baccalaureate service at Grace M. E. church. Rev. W. H. Wilson makes the address.

June 2—Class night exercises high school auditorium—followed by a dance at the Washington Country Club.

June 3—Commencement at Grace M. E. church. Dr. B. L. Stradley of Ohio State University, speaker.

Appearing in Columbus papers Sunday was a betrothal announcement of local interest. "Mrs. Clarence H. Estey, 960 Dublin road, announces the engagement of her daughter, Virginia, to Mr. Fred M. McFadden.

"Miss Estey is a graduate of the Upper Arlington High School and is a nurse, having taken her training at White Cross Hospital.

"Mr. McFadden is the son of Mr. and Mrs. T. E. McFadden, 56 North Princeton avenue. He is a graduate of West High School and former student at Ohio State University, and is associated with the Pure Oil Co.

"The wedding will take place this summer."

The bride-elect is the granddaughter of Mr. and Mrs. N. B. Hall, of this city, and has made many friends and acquaintances during her frequent visits here.

Mrs. Herbert Louis and daughter, Miss Anabel, of New Holland, entertained Saturday afternoon with a miscellaneous shower complimenting Mrs. Don Anderson (Janet Timmons) whose marriage was just recently announced. Thirty-five guests were invited for the afternoon and provided a shower of beautiful gifts for the pretty young bride.

Contests afforded entertainment for the early part of the afternoon with prizes presented to Mrs. Joe Gooley and Mrs. Roy Stewart.

The shower gifts were arranged on the dining room table. The table was beautifully appointed with a blue watergarden of assorted spring blossoms and was lighted by white tapers in blue holders.

The hostesses were assisted in serving very tempting refreshments by Mrs. Louis' mother, Mrs. J. L. Chapman, and sister, Mrs. Earl Leach.

Dr. and Mrs. Alexander Davis are expected to return from a winter's stay in Florida in the near future.

Dr. Davis has been conducting his third Annual Health School in Daytona Beach, and it has broken all records in attendance and interest.

Dr. Davis has received gratifying recognition in his work. Florida papers commenting in complimentary editorials upon his health lectures. One editorial excerpt reads: "Dr. Davis, the health-charm specialist is, of course, quite right. We should eat scientifically, rather than as a habit. But why weren't we given permanently impervious tummies so that we could go on eating everything and anything whenever we wished—for the simple reason that we were hungry!"

A number of poems have been dedicated to Dr. Alexander Davis and carried in the paper.

Forty friends assembled at the home of Mr. and Mrs. Frank Morris Sunday for a basket dinner and day of informal pleasure. The affair was planned by Mrs. Morris in surprise to Mr. Morris on his birthday anniversary.

A beautiful dinner at noon was followed by an afternoon of visiting. Mr. Morris was presented with a lovely big cake and several birthday gifts.

The comedy, "Not a Man in the House," presented last week at Wesley Chapel will be repeated Friday night of this week. The cast is made up of mrs. society members and the play was directed by Mrs. Frank Littler.

In connection with the play, the Children's Home band will present a program.

Mrs. Walter E. McCoy returned the last of the week from Washington, D. C., where, as Regent of the Washington Court House chapter, Daughters of the American Revolution, she attended the Continental Congress of the Daughters, as Regent delegate.

Mrs. McCoy found the Congress

of the greatest interest in the splendid speakers and problems of the sessions, and most delightful socially. The outstanding event of the entertaining was the reception given by Mrs. Franklin D. Roosevelt, First Lady of the land, at the White House.

The decorating was both beautiful and elaborate. The blue room, in which Mrs. Roosevelt received, was lavishly adorned with pink roses and pink hydrangeas were gorgeous and in great quantity in the state dining room and in other distinctive rooms of the White House.

Miss Ethel Sheridan, daughter of Mr. Charles Sheridan, was united in marriage to Mr. Harold DeWees, Saturday afternoon, at the home of Rev. J. A. Goddard, pastor of the Church of Christ.

Rev. Goddard performed the informal ring ceremony at 5:00 o'clock. The attractive bride was becomingly dressed in a suit of navy blue, with accessories to match.

Mrs. DeWees has resigned her position in Gov. Martin L. Davey's office in Columbus and will reside in this city. Mr. Charles Sheridan will make his home with his son-in-law and daughter.

The announcement will elicit the interest and best wishes of a large family connection and friends in this city.

Rev. J. A. Goddard performed a quiet wedding Saturday afternoon uniting in marriage Miss Daisy Smith, of this city, and Mr. Gerald D. Strohl, of Bannatta, Licking County, Ohio.

Mr. and Mrs. Strohl are planning to live at Bannatta, where the bridegroom is on a farm.

Mrs. David Stonerock was called to Circleville Sunday by the death of her sister, Mrs. Mary Conner.

PLAN NEW STEPS FOR POST OFFICE

Bids are now being received at the Postoffice in this city, to be opened at 5:00 p. m. on May 11, for the construction of a new flight of steps for the Postoffice building.

The present flight of steps, constructed when the Postoffice was erected, were badly damaged during the heavy freeze last winter, and have been in a dangerous condition since that time.

It will be necessary to build the steps and yet keep the entrance open to persons desiring to enter or leave the building.

If you feel tired run-down nervous and out of sorts

There is usually a definite reason for such complaints. . . so, now let's reason sensibly.

Don't try to get well in a day. . . this is asking too much of Nature. Remember, she has certain natural processes that just cannot be hurried.

But there is a certain scientific way you can assist by starting those digestive juices in the stomach to flowing more freely and at the same time supply a balanced mineral deficiency the body needs.

Therefore, if you are pale, tired, lack a keen appetite, have lost weight and feel run-down. . . a frequent sign that your blood-cells are weak, with a tendency towards anemia—they do try in the simple, easy way so many millions approve—by starting a course of S.S.S. Blood Tonic.

Much more could be said—a trial will thoroughly convince you that this way, in the absence of any organic trouble, will start you on the road to feeling like yourself again. © S.S.S. Co.

WOMAN KNOCKED OUT BY ROBBER AT DOOR

VICTIM STRUCK WITH FIST AND LEFT UNCONSCIOUS

Canton, O., April 27.—(P)—Police today are seeking a robber who escaped with \$42 after forcing his way into the home of Mrs. Oliver C. Nordick by knocking her unconscious when she answered his knock at a front door.

Mrs. Nordick told police the man had previously come to the home and inquired for her husband. Told he was working, he left but returned a few minutes later. When she answered the door the second time he hit her with his fist. While she was unconscious he bound and gagged her and ransacked the house. The money was taken from a purse.

Wall Street Guesses and Begins to Quote Odds on Next President

By LESLIE EICHEL

Wall Street does not always guess correctly, as any one who does business in that short, narrow thoroughfare knows. Merely for your information, however, Wall Street is betting on the re-election of President Roosevelt at odds ranging from 6 to 5 to 2 to 1. It was even money in January.

There is no betting on the Republican nomination.

In Cleveland, scene of the Republican convention, now merely a few weeks away, there is no betting, either. Cleveland seems likely to be carried by President Roosevelt in November, even though it will be host to the Republicans in June. In fact, as matters look at present, the Democrats may carry the city by a considerable majority.

Philadelphia, scene of the Democratic convention will, on the other hand, remain Republican. That is the present consensus.

OBSERVERS' VIEWS

Veteran convention observers, already in Cleveland for the convention that will begin on June 9, are guessing that the Republican convention will last 10 days—which is contrary to this writer's opinion. These observers do not agree with this writer that Landon will win on the second ballot. They see a fight ahead.

All arrangements are being made to cover a fight.

HUGE DEMONSTRATION?

It is rumored that the Republicans may try to steal a march on the Democrats and dim a "stunt" planned for the conclusion of the Democratic convention. President Roosevelt, it has been rumored, will make a night speech in huge Franklin field—stadium next to the Philadelphia convention hall—at the end of the convention.

Now it is whispered that the Republicans may parade their nominee to the still "huger" Cleveland stadium near the convention hall, as a grand finale to the G. O. P. convention. The Cleveland stadium seats 89,000—and tens of thousands could stand on the shores of Lake Erie and hear the nominee by means of loud speakers.

HOW TO STRETCH?

The Democrats are having difficulty trying to figure out how to keep their convention going six days in Philadelphia. The city was promised that, in return for the large sum put forth to gain the convention, Ringmaster James A. Farley is thinking up stunts, incidental to the renomination of Messrs. Roosevelt and Garner.

PLENTY OF NEWS

There will be as many writers covering the Republican convention as there were delegates a decade back.

Provisions have been made for 750 inside the Cleveland convention hall, besides photographers and motion picture and radio men.

More than 1,000 applications for seats in the press section are on file.

There will be 550 inside the Philadelphia convention hall. Hundreds more in each city will be "covering" hotels, unable to gain entry to the halls.

The Cleveland coverage will be the greatest in the history of the newspaper world.

DISTANT

The press section will extend so far into the hall that the first row of the delegates will be 55 feet from the speakers' platform. The last row of alternates will be two blocks away—down that huge hall.

DOG STEALS KITTENS DRIVES MOTHER AWAY

Delaware, O.—(P)—A mongrel female dog named Midge defied all efforts Monday to take from her four kittens she "stole" from their rightful mother and adopted for her own. Mr. and Mrs. John Stall, owners of the cat and dog, said Midge actually was nursing the kittens, while the true mother looked on mournfully from a respectful distance.

HOPES TO RETURN AS A MISSIONARY

Cambridge, O.—(P)—Mrs. Robert Hockman, whose husband was killed by explosion of a "dud" bomb on the Ethiopian-Italian war front, expressed the hope Monday that she could resume her missionary work in Ethiopia.

Former Washington C. H. Woman Dies In Xenia

FUNERAL SERVICE HERE TUESDAY FOR MRS. WILL CRAIG

Mrs. Will Craig, who lived most of her life in Washington C. H., died Sunday morning at about 8:00 o'clock at her home in Xenia.

For years Mrs. Craig lived in Broadway here where she was well known. Her husband died five years ago. About three years later she went to Xenia to make her home with her only son, Malcolm.

Although Mrs. Craig succumbed to a lingering illness and her friends here were aware she was not in good health, her death came rather unexpectedly to most of them. She was 62 years of age.

Besides her son, Mrs. Craig had a sister, Mrs. Mary Young, of St. Louis.

The body was brought to the Hook Funeral Home here. Funeral services will be held at St. Columbian's Catholic Church at 9:00 o'clock Tuesday morning and interment will be in the Washington cemetery.

Radicals In Europe Maintain Strength In Tests Made At Poles

yesterday that his Heimwehr (Home Guard) would be dissolved "only over my dead body."

If his internal enemies pressed too hard, the young prince declared, there would be a "repetition of 1934," the year of Austria's brief, bloody civil war in which the Heimwehr triumphed.

That was Von Starhemberg's first public declaration since his Heimwehr leaders determined Saturday to keep their armed organization intact, despite opposition from clerical and monarchist quarters.

Warsaw, April 27.—(P)—Poland introduced foreign exchange restrictions today, similar to but milder than those imposed by Germany.

President Ignacy Moscicki decreed that exportation of the gold valuta was prohibited and that operations in the valuta would be controlled by the Bank of Poland, or by specially privileged banks.

(The Zolty, Polish monetary unit, has been currently quoted in the New York market at about \$1.88. The valuta is the value of the currency, as agreed upon, or its exchange value with reference to the currency of another specified country.)

A communique explained that the regulations were temporary and designed to stop speculation in gold and devised (bills of exchange), caused by rumors leading to recent public hoarding of gold and valuta, to the detriment of normal business.

The communique said Poland would respect all its foreign debts.

Jewish newspapers reported that Poles going abroad would not be permitted to take more than 500 zloty.

Carburetor Substitutes Are Put In Army Planes

NEW DEVICE SHOTS SLUG OF FUEL IN CYLINDER

Dayton, O.—(P)—After more than ten years of experimenting, 25 military planes are to be equipped with substitutes for carburetors, the material division at Wright Field said Monday.

The new devices are injectors, shooting slugs of gasoline about the proportions of a little finger in separate shots into each cylinder of the engine just before it fires. Officials believe the safety and range of planes will be increased with the injectors, which defy gravitation in uphill flow of gasoline. With carburetors fighting machines occasionally had trouble while flying upside down.

RUBBER TIRE MEN PUT ON THE SPOT

Washington.—(P)—The Federal Trade Commission has authorized a trade practice conference for the entire rubber tire industry, to eliminate by cooperative action "certain unfair trade practices complained of within the industry." The commission's announcement Sunday said the time and place of the meeting had not been set, although it possibly would be held in June in Chicago.

FINALLY RIDES TRAIN

Fairbanks, Alaska (P)—To enter the Pioneers' home at Sitka, William P. Afford took his rst train ride in 50 years. He has been mining in the interior of Alaska all that time.

MARKETS and FINANCIAL NEWS

DAY'S ACTIVITIES IN WALL STREET

By VICTOR EUBANK

New York, April 27.—(P)—Stocks fell by the wayside in today's market, many issues yielding 1 to 6 points or so.

The list was moderately irregular at the start, but the volume was small. Heavy offerings began to appear shortly after noon and for awhile, the rush to unload put the ticker tape several minutes behind floor transactions.

Principal losers included U. S. Steel, Bethlehem, General Motors, Chrysler, American Telephone, Allied Chemical, Du Pont, International Harvester, Douglas Aircraft, American Can, U. S. Rubber, Goodyear, Western Union, Consolidated Edison, Union Pacific, N. Y. Central, Northern Pacific, Santa Fe, Anaconda, Montgomery Ward, American Smelting, U. S. Industrial Alcohol and Westinghouse.

Wheat yielded 2 or more cents a bushel at Chicago on reports of rains in the drought districts. Cotton declined. Secondary bonds pointed lower. Foreign currencies were fairly steady in terms of the dollar.

WOOL MARKET

Boston, April 27.—(P)—(U. S. Dept. Agr.)—Very little activity was reported on domestic wools in the Boston market. A few houses were offering to sell new fine territory wools in original bags at around \$2.83 cents scoured basis, delivered east, for average to good length French combing staple. Spot wools of similar description were held at mostly \$3.85 cents scoured basis. Arrivals of new territory wools, however, were of only limited volume. Mill buyers did not show much interest as yet because their current needs were limited.

PROPOSE MERGER OF STEEL COMPANIES

Pittsburgh.—(P)—A proposal to merge the Allegheny Steel Co. and the West Leechburg Steel Co., subject to approval by the stockholders of both concerns, was announced Sunday night. West Leechburg, with an annual capacity of more than 250,000 tons, has no raw steel making facilities, while Allegheny has complete steel making equipment and an annual ingot capacity of 50,000 tons.

DAMAGED DOOR MAN IS ARRESTED

Donald Fox, New Vienna, after he is alleged to have kicked in a panel of a door at the Loudner Barbecue, about 11:00 o'clock Saturday night, was taken into custody by Sheriff Icehower and placed in the county jail to await the filing of charges against him.

DIVORCE REFUSED

Application for divorce, filed by Noah Stant against Nellie Stant, and heard in Common Pleas Court, has been denied, and the case dismissed.

GRANGE NOTICE

The next regular meeting of Madison Good Will Grange will be held Wednesday evening, April 29, at the schoolhouse in Madison Mills.

EXPERTS PREDICT
AUTUMN DROP IN
PORK CHOP PRICES

Urbana, Ill. (AP)—All the little
stay-at-home piglets are on their
way to market and that, says the
University of Illinois, means cheap-
er pork chops by next fall.

The department of agricultural
economics in its monthly bulletin,
Illinois Farm Economics, says a
peak in the price of hogs was reach-
ed in February when the index
price was 110 in contrast to one
of 86 for all other Illinois farm
prices.

For other types of livestock the
outlook is not quite so promising.
With cattle being held back to re-
build herds, the article says, it is
probable the price of beef and dairy
cattle will be upward during the
next few years.

Party Organizer
Gets into Habit
Honolulu (AP)—Representative
William Crozier believes that if he
organizes enough political parties
he will be elected to the territorial
senate.

Voted into office as a Democrat,
he organized a Progressive party,
consisting of himself and his brother.
The brother withdrew and the
movement collapsed.
Crozier now heads what he calls
the "Independent or Labor party."

THE CAMDEN RUBY MURDER
by ADAM BLISS
COPYRIGHT—RELEASED BY CENTRAL PRESS ASSOCIATION

READ THIS FIRST:
Dore Van Every, a collector of rare
jewels, invites an acquaintance, Gary
Maugham, and the latter's old friend,
Margalo Younger, an actress, to his
home to view the priceless Camden
ruby. At Van Every's both Mar-
galo, sitting before the fire, and
Maugham are impressed with the size
and brilliance of the rare stone.
(NOW GO ON WITH THE STORY)

CHAPTER 3

MARGALO lifted out the huge
ruby gingerly. I noticed that a chain
dangled to it, a heavy, cumbersome,
gold affair, linked together crudely.

She, Van Every and I sat silently
for a while, watching the stone. In
the firelight it seemed almost to
speak, to quiver, to breathe.

"I don't blame you, Mr. Van
Every," Margalo said finally, her
eyes still fascinated by the ruby.
"It is lovely, isn't it?" He spoke
with pride. "You'll notice it is
pierced for the chain. The old gold-
smiths used to do that. The hole
does not impair the value, for the
stone can be cut again. Indeed, the
cutting is very bad."

I noticed the hole through which
one of the gold links was fastened.
The cutting, as Van Every said, was
bad, but even that could not destroy
the beauty of the stone. It gleamed
and twinkled with light in spite of
the faulty cutting.

Now Margalo cupped her hand
around the ruby. "It seems warm—"
she murmured. She sat that way
for some time, the big red stone in
her hand. Then her fingers caught
the chain, and she started to put it
around her neck. Van Every leaped
forward.

"Please!"
"I thought I'd put it on—"
"I'd rather you wouldn't," Miss
Younger. "I'm afraid—"
"Afraid of what?" She laughed, a
"little, careless laugh."
"Afraid—the history is so sorry, so
awful—you know, my stones are
"at things to me."
"You mean that you don't want
to put this on because you are
afraid something will happen to me
I do?"
"It is called the murder stone, Miss
Younger."

Margalo slipped the chain about
her neck, and the ruby rested on her
bosom. Against the white of her
teeth it was blood red.

"I'm not in the least superstitious,
Mr. Van Every. How could it be
possible for the stone to kill me?"
"I don't know, Miss Younger, but
I'm awfully uneasy—"

Again Margalo laughed. "Please
let me wear it a few minutes. And
I promise you nothing will happen."
Van Every sat down, rather
stiffly, his eyes drawn, worried.

"Nothing will happen, Van Every,"
I said. "You take your stones too
seriously."

He smiled, but I could see he was
still anxious. His tall, slim figure
was erect in his chair. I had always
thought him handsome. Now he
seemed to be even finer looking. His
pure white hair gave him a distin-
guished appearance, accentuated by
his short-cropped, silvery mustache.
Searing 60, he must be—although he
